

David Kuhfahl

President – HearthStone Quality Home Heating Products, Inc.

David's career in manufacturing started with 10 years at Procter and Gamble giving him insights into leadership, manufacturing and marketing. Energizer added to his background in engineering. He has just passed 23 years at HearthStone, the last 16 years serving as President. David has been very active with our legislators in the efforts to control excessive legislation that is counter to common sense and needlessly hurts our industry as a whole. David has served on the HPBA Board the past 3 years.
